

Coronavirus (COVID-19) Update

**We hope all our Guests/ Friends and Families are keeping Safe & Well.
Thank you all for your many kind emails of support.**

**Following the Prime Minister's announcement on Friday 19th March 2020 to avoid non-essential travel, it is with huge regret we have to inform our guests that as a result, we are unable to open at the start of our season.
This decision will be updated as & when we receive further Government information.**

We are now compiling advise & options for everyone & as a priority, we will be initially contacting all customers due to be visiting us in March and April 2020 to discuss your options. We will be contacting guests in date order.

**We believe one option would be to extend our season into October & November.
The situation is under continual review and we will keep you informed on any updates.**

Thank you all for your patience with this and we will be in touch with you as soon as possible.

Lisa & Andy
